

SPECIFICATION

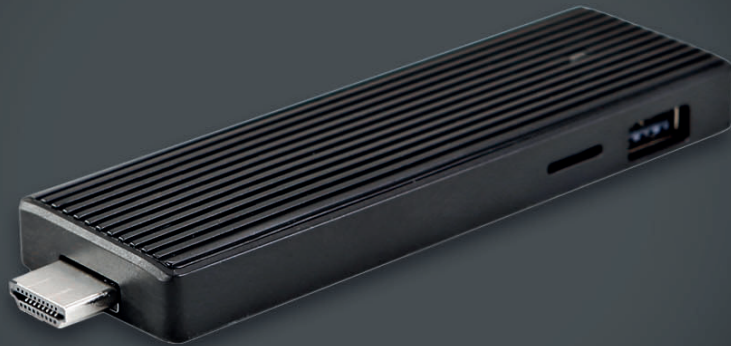

The power to go further!

iOTA GO is a powerful, pocket-sized Windows 10 PC that's jam packed with awesome features, to give you an on-the-go desktop experience, for work or play!

Powered by an Intel Atom Processor, the iOTA GO gives you the ability to transform any HDMI enabled display into a fully functional Windows 10 PC, so you can be productive anywhere. When you need some entertainment, simply plug in and play your favourite movies and shows on Amazon Prime, Netflix and YouTube.

Size. It Matters.

With an ultra-compact, lightweight design the iOTA GO gives you the freedom to leave your laptop at home, but still have access to a full desktop experience wherever you are in the world!
